## VERDICT IN FAVOR OF THE COMPANY

JURY WAS OUT ONLY ABOUT AN HOUR.

**Outcome of This Trespass Case Was Awaited with a Good Deal of Interest—It Was Very Ably Tried. The Old Forge School Case Was Given to the Jury Last Night and the One Against the Township Will Go to the Jury This Morning. Other Court Matters.**

The trespass case of Patrick Connor, guardian, against the Scranton Traction company, which was tried in the jury room yesterday morning and in an hour returned a verdict in favor of the defendant company.

In charging the jury, Judge Archibald said it would be their duty to find whether or not the act of O'Boyle in rushing from the car went to the harm of a prudent man. The outcome of the case was awaited with a good deal of interest, because this was the first case, so far as known, in which such a case of facts were under consideration. The case was tried in an exceptionally able manner, and the verdict is a notable victory for Major Everett Warren, who conducted the case for the company. He was assisted by Attorney Charles P. O'Malley.

The case of A. H. Turner against L. P. Franklin was called for trial as soon as the Connor case went to the jury. Franklin owned a milk route in this city, which he sold to Turner for \$300. The latter did not take charge of the route at once and Franklin continued to serve the customers. Then Turner alleged that he had a conversation with Franklin, in which he was told that the sale should be declared null and void, and the \$300 should be returned. Turner never received the money and brought suit.

**FRANKLIN'S SIDE OF CASE.**  
Franklin said he sold the route to Turner and was ready and willing to turn it over to him at any time. He notified Turner several times to come and take possession, and as this was not done, he sold it to the Lackawanna Dairy company. He denied that he ever agreed with Turner that the sale should be declared null and void. The jury returned a verdict in favor of Turner for \$324, the full amount of the claim with interest.

In the case of Mary McNulty, administratrix, against the National Life Insurance company a verdict was directed in favor of the plaintiff for \$1,244.50, subject to this reserved point: "Whether it having been shown by the evidence that on July 7, 1899, the National Life Insurance company of Connecticut was dissolved by the order of the Superior court of that state, and the right of the plaintiff to recover therein has not abated by virtue of that decree."

In other words, it is left for the court to say whether or not the dissolution of this company, after it was regularly ordered in court to answer the action of Mary McNulty, made any difference with the standing of the company in the case.

**OLD FORGE CASE.**  
Before Judge H. M. Edwards in the main court room the case of Duncan McNulty, assigned to H. M. Edwards & Co., against Old Forge township was on trial all day. The defense endeavored to show that the work was not done in a good and workmanlike manner and that instead of taking down the old bridge, so that it might be sold, he left it up with dynamite and rendered it valueless, save as iron. The testimony did not come up to the offer of the defense with reference to these matters and the evidence was excluded. The amount the defendant is suing for is \$195.41 with interest. The case will be given to the jury until this morning.

The other Old Forge case, that of William Stoddard against the township of Old Forge school district, was also on trial all day. It consumed the time of Judge Savidge and a jury in court room No. 2.

No defense was made by the school board to the claim of \$2,502.20 which it is alleged is due on the contract for erecting the high school in Old Forge. It was contended, however, that the extras were unwarranted and unauthorized and that unwarranted by the board and moreover were not furnished by the contractor, Ziba Van Loan, who assigned his claim to Stoddard, the plaintiff.

**JUDGE'S DIRECTIONS.**  
In his verdict Judge Savidge directed a verdict for the plaintiff for the amount due on the contract, which, with interest, is \$2,750.70, and sent the jury out to pass upon the question of extras. The amount of the verdict is withheld until the claim of Haupt & Son, of Wilkes-Barre, for \$1,000, is disposed of. Van Loan gave an order to the firm for \$1,000 and this they hold the school district for. Unless some settlement is reached an action will be begun which will have for its purpose the diverting of \$1,000 of the verdict to Haupt & Son. The jury retired at 5 o'clock to deliberate and will return its verdict this morning.

**Argued for a New Trial.**  
Judge C. R. Savidge heard arguments yesterday on the rule for a new trial asked for by the plaintiff in the case of Dr. J. S. Porteus against the Scranton Railway company. George M. Watson appeared in favor of the rule and Major Everett Warren opposed it.

The petitioner alleges a slight misstatement of fact in the judge's charge, and also that the jury made a statement during the trial of the case that Dr. Porteus was an old fakir and wouldn't get anything.

**Miller Divorce Case.**  
Judge Archibald yesterday afternoon heard the testimony in an action for divorce brought by Phoebe Miller against Charles Miller, Jr., both of this city. Attorney R. J. Bourke appeared for the libellant and the defendant was not represented as he is not contesting the case.

Mrs. Miller testified that they were married on February 15, 1898, and lived together in this city for one and a half years at the end of which time she was compelled to leave Miller on account of non-support, he contributing not even money enough for the bare necessities of life. Her testimony was corroborated by her mother.

The Scranton Stove works officials entertained their salesmen at dinner at the Scranton club, Thursday evening. Those present were J. A. Lansing, president; A. C. Fuller, treasurer; B. E. Each one present was required to make a speech, sing a song or tell a story, and a general good time was enjoyed.

The officers congratulated the salesmen on the manner in which they have succeeded in making "Scranton" and "Duckdash" household words throughout the whole country. As an evidence of just how well they are doing this, President Lansing announced that last year's business was the largest the company ever enjoyed and that more than \$10,000 per month was paid out in wages.

**DEMOCRATS WILL NOMINATE.**

The meeting was attended by Chairman C. H. Schadt, Secretary John J. Murphy and a dozen members of the committee. Dr. John J. Murphy, of the Eighth ward, and John Gibbons, of the Twentieth ward, have been announced as aspirants for the nomination.

The Republican city committee will meet at 3 o'clock this afternoon in the Central Republican club rooms to discuss the same matter.

**LORENZ CAFFERTY INJURED.**  
He Was Badly Burned While at Work in the Jermyn Mine.

Lorenz Cafferty, of Barboursville, yesterday was badly injured while at work in the Jermyn mines at Rendelham. Cafferty is employed as a miner there and was preparing a blast. It went off before he expected and resulted in his being terribly burned.

He was taken to the Hahnemann hospital, where soothing ointments were supplied to his burns and he was made as easy as possible.

He was terribly burned about the head, breast, arms and lower part of his body, the flames having scorched him in an awful manner.

Cafferty is a man 37 years of age and married. He lives with his family at Barboursville.

## FOUR HORSES BURNED IN NORTH END FIRE

UNDERTAKER O'DONNELL'S ESTABLISHMENT DESTROYED.

A Fire of Unknown Origin at Mid-day Spreads with Such Rapidity That Only Seven of the Eleven Horses Could Be Rescued—Five Coaches, Two Hearses and Other Vehicles Consumed by the Flames. Loss Is Estimated at \$8,000 or \$9,000.

North Scranton was the scene yesterday morning shortly before noon of a very destructive fire which completely destroyed the large stable of Undertaker O'Donnell at Brick avenue and Oak street, burning four horses quartered in the barn at the time.

The stable was a two-story and basement frame structure about 100x40 feet in size and is situated in the rear of Mr. O'Donnell's residence. There was no one in the building at the time the blaze commenced, nor had there been for some twenty minutes before.

Two probable causes are given, namely, an open electric light in the office and an uninsulated electric light wire, though which of these is the real cause it is impossible to ascertain.

When the blaze was discovered at 11:45 o'clock it had gained immense headway and the entire rear portion was a mass of flames. An alarm was turned in from box 81, on the corner, and then an effort was made to get out the eleven horses in the building, whose agonizing screams could be heard blocks away.

Cloths were thrown over the heads of seven and they were led out through the opened doors of the barn. The other four were in the rear and it was impossible to get near them. The flames had by this time become so fierce that the rescuers were obliged to desist and were unable to save any of the contents.

The Niagara, Liberty and Excelsior companies responded to the first alarm but when the magnitude of the conflagration and the danger to adjoining property was seen, a second alarm was turned in to which the Cumberland and General Phinney companies responded.

The firemen did excellent work under the supervision of Chief Walker and soon had four streams on the burning structure. It had gained so much headway, however, that their efforts were futile and the building burned down to the ground leaving only a mass of smoking embers when "out" was sounded at 1 o'clock.

Mr. O'Donnell's loss is very heavy and includes besides the barn and horses, five coaches, two hearses, five light wagons, two band wagons, several sleighs and a large undertaking equipment.

Mr. O'Donnell places his loss between \$8,000 and \$9,000, about one-third of which amount is covered by insurance. One of the rescued horses is badly burned and the veterinarian attending it says it will probably die.

When the Niagara hose wagon was on its way to the fire it collided with a farmer's wagon, upsetting the latter and, throwing the occupant to the road, rendered him unconscious. He revived after a short time and with the assistance of bystanders repaired the breaks in his wagon and started off again on his journey.

**CHILD TERRIBLY BURNED.**  
Clothing of Annie Mollisley Caught Fire from a Stove.

Annie Mollisley, a six-year-old girl, was terribly burned last night. Her recovery was deemed doubtful last night at the Lackawanna hospital, where she was taken.

The child lives with her parents on New street, near Capouse avenue. Last night everybody else in the house was at a wedding in the neighborhood and the child was left alone. She was playing near the stove, when her clothes caught fire and in a moment the little one was all ablaze. She screamed out in her agony and ran helplessly about the place, suffering terrible pain.

A man attracted by her cries, hurried into the place and managed to tear the blazing garments off the child. She was terribly burned, however, and was immediately taken to the Lackawanna hospital. It was there seen that the child suffered from frightful burns all over the body.

## DESERTED HER HUSBAND.

Mrs. Klasz Left and Took Her Children with Her.

Mike Klasz, of Dunmore, a laborer, is mourning the departure of his wife, two children and \$100 in cash. On Thursday evening when he returned home after his day's work he found the fire out, no supper ready, no little ones in the house and his wife gone.

It did not take him long to discover where his wife had gone, for he learned that she had left the city during the afternoon. Mike Larbens, who boarded with the family, left about the same time and Klasz believes they are together. Larbens is a short, slightly built fellow, with light hair.

Mrs. Klasz took along her two children, a girl 23 months old, and a boy of 4 years. She also purloined \$100 of her husband's money. Klasz was a frantic man when he realized the truth. He had become possessed of the knowledge that the eloping pair intended to go back to Poland and he immediately telegraphed to the New York police authorities to take them in charge as soon as they arrived in the city. They have not yet been arrested.
